# **Logging Equipment Preventative Maintenance & Protection**

## **Southern New England & Our Changing Forests**

### **Timpro Annual Meeting Log A Load Fundraiser**

**Wed. April 10th, 2024  
Norbrook Brewery  
Colebrook, CT**

**Sponsored by:**

**2.0 CEU's CT Certified Forest  
Practitioners**

**5 MA THL credits**

This all day program is guaranteed to touch on a topic you will find useful and informative.

State Forester Christopher Martin will provide an update on the new regulations for CT Certified Forest Practitioners.

Learn to identify Indigenous stone ceremonial sites in our working landscape.

Learn how climate change is affecting our working forests and how silvicultural practices are adapting.

Learn from a logger!!!  
Preventative equipment maintenance, hydraulic safety and more. A new John Deere Harvester will be on site for demonstration.

Learn how best to insure and protect your logging equipment.

Day will end with Timpro Annual Meeting and Log A Load Fundraiser.

All are invited to attend and participate.

Log A Load Fundraiser

## Norbrook Brewery 204 Stillman Hill Road Colebrook, CT

8:00 am - 4:00 pm

### About Log A Load

Log A Load is a nationally recognized fundraising program. Forest products trade organizations from nearly 40 states raise money annually to support their respective Children's Miracle Network Hospitals.

Since 2007, Timpro has raised over \$50,000 for the CT Children's Medical Center in Hartford, CT. 100% of the proceeds raised goes directly to the hospital to help families pay for medically necessary treatments for their children.

Timpro will be raising funds for CT Log A Load at this event. Chance to win a new Stihl chainsaw, a bench made out of CTGrown lumber and other valuable items.

All attendees are encouraged to participate.
